W. H. MIXSON SEED COMPANY, CHARLESTON, S. C., WHOLESALE PRICE LIST

July 29, 1921-

All prices f. o. b. Charleston, subject to market changes and being unsold. **TERMS**—Garden Seeds, 30 days net to customers of approved credit; Field and Farm Seeds, net cash on receipt of goods; Feeds, Sight draft attached to bill of lading.

We give no warranty expressed or implied as to description, quality, productiveness or any other matter of any seeds we send out. If they are not accepted on these terms, they are to be returned at once.

In ordering please mention List No. 520

FIELD SEED DEPARTMENT.

Where necessary, in our judgment, to insure safe transportation of Clovers, Timothy, Kentucky Blue Grass, and all fine seeds of such nature, we use cotton bags and charge extra. Burlaps are free. Cotton bags not returnable.

CRIMSON CLOVER

We are car lot handlers and can supply best quality and prompt shipment. Price is lower than in many years and demand is therefore very heavy. Per 100 lbs. \$7.75

Write or wire for prices in large lots.

OTHER CLOVERS Per 100 lbs.

Red Clover \$22.00
 Alsyclo Clover 23.00
 Burr Clover (in Burr) 1.25
 White Sweet Clover (Melilotus Alba) 13.00
 White Dutch Clover 43.00
 ALFALFA—Best American grown, highest purity, grown on non-irrigated lands—\$22.00 per 100 lbs.

HAIRY VETCHES

We are importers of Vetch, securing this direct from the original sources of supply in Europe. We are very careful as to qualities, and advise our friends to use care also, as much low quality stuff is on the market. Per 100 lbs. \$8.50

Write or wire for prices on larger lots.

GRASS SEEDS

	Lbs. to bu.	lb.	100 lbs.
Italian Rye Grass	14	.09	\$8.50
English Rye Grass	14	.09	8.50
Orchard Grass	14	.23	21.00
Tall Meadow Oat Grass	11	.35	33.00
Red Top	..	.21	20.00
Kentucky Blue Grass
Timothy	45	per bu.	3.60

MIXSON'S PASTURE MIXTURE

Composed of a number of excellent Grasses and Clovers so that a permanent pasture is the result. All of the seed used is high grade. If desired and so stated, the clover can be packed separately so that it can be inoculated.

Per lb. 24c; 100 lbs. \$22.00 Write for prices in large lots. If you have your own formula you wish us to use, send us this, and we will quote.

DWARF-ESSEX RAPE

Genuine English grown Rape, produced in Essex, England. The first stock of this rape we have had in a long time.

Per lb. 9c; 100 lbs. 8½c. Write for prices in large lots.

FOR INOCULATING ALL LEGUME CROPS USE

F A R M O G E R M

IT IS THE STANDARD INOCULATION

See Special Merchant Proposition Column 3.

SEED GRAINS

All well cleaned, carefully selected stock packed in strong uniform weight bags

Where less than a bag is ordered, slightly higher prices per bushel will be charged.

SEED RYE

Please note carefully that our CAROLINA TALL GROWING RYE, though priced very low is absolutely different from Northern and Western Rye with which it is sometimes confused. This latter Rye is not adapted to Southern conditions. Our ABBRUZZI is from only such crops as we have confidence in, and is not picked up over the South haphazardly. Many disappointments have been met with in Rye the past few years on account of the seed not being true.

	Bu.	25 Bu.
Carolina Tall Growing	\$1.70	\$1.65
Abbruzzi	3.20	3.15
Carolina Black (Seashore grown)	3.50	3.45
Rosen	1.70	1.65
Florida Black Rye	3.50	3.45

OATS

Western oats this season will be very light and trashy. Better see samples before buying or understand this with seller. We have been fortunate in getting some very heavy Rust Proof Oats from Texas, far above the average. All other varieties are South Carolina grown.

	Bu.	25 Bu.
Fulgum	.90	.85
Appler	.90	.85
Texas Rust Proof	.75	.70

SEED WHEAT

Leaps Prolific (Beardless)	\$2.40	\$2.25
Red May (Beardless)	2.40	2.25
Purple Straw (Beardless)	2.40	2.25
Blue Stem (Beardless)	2.40	2.25
Fulcaster (Bearded)	2.40	2.25

SEED BARLEY

Winter Beardless	\$1.50	\$ 1.40
------------------	--------	---------

SEED POTATOES

EARLY ROSE variety, selected stock from one straight crop, machine graded No. 2's which size is best adapted to summer planting.

Per barrel \$3.50

Indications are that Potatoes harvested this fall will be a profitable crop.

PREVENTOL

MAKES A CLEAN HOME

Pints	\$4.50 per dozen
Quarts	7.50 " "
Half Gallons	13.15 " "

These are net prices to Merchants, and will show a good margin of profit

STIM-U-PLANT

Plant food in a highly concentrated tablet form, for use in gardens and on potted plants and shrubbery. Convenient, efficient, economical.

15c. size (10 tablets)	\$1.20 per doz. boxes
25c. " (30 tablets)	2.00 " " "
75c. " (100 tablets)	6.00 " " "

Packed in attractive box for counter display. Write for full prices on any other Insecticides, Fungicides, or disinfectants. We handle a full line.

The South will sow this Summer and Fall its biggest crop of Legumes, Grains and Grasses ever put in. Seed will be in active demand, and many wise Merchants have already booked orders covering at least a portion of their requirements. Markets are lower now than they have been in many years, practically pre-war figures. Keep in touch with us; We will gladly quote values any day by letter, phone or wire.

GARDEN SEEDS are in active demand. Many sections are going to put in limited acreage and we are in excellent position to serve them. The bulk of our Garden Seeds go to large Market Gardeners, who demand and get nothing but the best, and any knowledge we have gained in our years' of dealing with these men as well as from our Trial Grounds will gladly be passed on. Write us.

FARMOGERM

THE STANDARD INOCULATION

That inoculation pays is now a matter of common knowledge, and it pays not only on lands that have not grown Legumes before, but on lands that have grown them as well.

Read what the S. C. Commissioner of Agriculture says in his 12th annual report:—

"From the result of the inoculation of various Legumes, the Commissioner is firmly of the opinion that it will pay all farmers to inoculate all Legumes, even when they are successfully grown, because of the great increase in nitrates supplied by high bred bacteria over that supplied by any germs natively present in the soil.

ALL INOCULATION IS NOT FARMOGERM

Because Formogerm was the first culture on the Market and is so widely known, many people refer to inoculation as "Farmogerm", but all cultures are by no means Farmogerm. Many other cultures are good when they leave the laboratory, but none of them keep good like Farmogerm, which alone can use the patented stopper which admits free access of filtered air, keeping the bacteria alive. Other concerns caution you not to use the culture after a certain time, but how many times are these instructions disregarded, and the culture used?

WITH FARMOGERM YOU RUN NO RISK

The culture is guaranteed perfectly virile whenever you use it. It is of course possible to buy cheap cultures, but it is not possible to buy more bacteria for the same money. In other words, an acre of FARMOGERM contains more bacteria than many a five acre bottle of other cultures, and rather than use cheaper cultures, it would be better to use less Farmogerm, and then you would no doubt be getting more bacteria. As a rule a man doesn't get any more than he pays for, though big bottles and filler may try to make him think he does.

EVERY ACRE OF LEGUME SEED YOU SELL SHOULD MEAN AN ACRE OF FARMOGERM. ONE ACRE...\$2.00 FIVE ACRES...\$8.00 Less 35% to Merchants.

VEGETABLE SEEDS

For years one of the leading departments of our business has been the supplying of High Grade Garden Seeds to Truckers. On bulk orders to merchants we supply the same stocks as those used by these Truckers. These men demand and get absolutely the highest grade of seed to be had, and if you order MIXSON'S SEEDS you can get the same.

CABBAGE

Our selected Long Island grown stocks. We supply more seed in the south than any other Seedsman. If cheaper stocks are wanted, we can supply them from other American grown stock. What we quote is our best selected seed—the same as we supply to our highest class trucking trade. Be sure to write for prices in large lots and on crop contracts.
